Casual Contractor Opportunity: Nurse Practitioner at STG Health Online Clinic
Date Posted: January 23, 2025

Location: Remote, serving Saskatchewan, Canada

About Us
STG Health Online Clinic, an STG Health Services Inc. division, is committed to improving access to specialized healthcare for diverse communities in Northern Saskatchewan. Our focus is on **behavioural management** through a **person-centred approach** to healthcare delivery.

Role Overview
We are looking for a **Nurse Practitioner** to join our clinical team on a casual contract basis. In this role, you will be part of the diagnostic team reviewing and evaluating psychometric assessments, managing and adjusting medication regimens, and collaborating with a multidisciplinary team to create skill training and treatment plans tailored to our patient's needs.

Key Responsibilities
- Participate in assessment collaboration meetings to review assessment data to support the diagnostic process.
- Conduct virtual assessment debriefs to support diagnoses.
- Manage and titrate medication regimens to achieve optimal patient outcomes.
- Assist with the development of skill training treatment plans in consultation with patients and other healthcare professionals.
- Complete disability tax credit forms when applicable.
- Ensure care is culturally sensitive and responsive to the personal contexts of patients.

Qualifications
- Valid Nurse Practitioner license in Saskatchewan.
- Experience in mental health, particularly with ADHD and behavioural disorders.
- Experience working with diverse populations in Northern Saskatchewan.
- Proficiency in remote healthcare delivery and digital communication tools.
- Flexibility to accommodate the clinic's scheduling needs.
